

Aquamarine Jewelry Collection

INTRODUCING AQUAMARINE

It symbolises courage, faithfulness, awareness and easy flow of ideas.
Aquamarine is the official birthstone for the people
who are born in the month of March.

INTRODUCING THE PRECIOUS CRYSTAL - AQUAMARINE

Aquamarine is a precious gemstone whose color ranges from blue to green-blue. The aquamarine belongs to the Beryl Group. Aquamarine is the official birthstone for the people who are born in the month of March.

The gemstone is hard and resembles a lot to the glass. The sea-blue colors are exciting that range from light to dark blue. The [Aquamarine gemstones](#) are hard and they have excellent transparency.

Aquamarine, how to purchase?

Spellbound by the beauty and the colors of the **precious gemstone Aquamarine**, people purchase it because of its beauty. Aquamarine is the six-sided crystal structure that makes it different from other blue-green stones. The dark blue to the light blue color of the gemstone with unique clarity makes it priceless.

You can make a purchase from our online store. Different designer **Aquamarine silver jewelry** like pendants, earrings and other jewelry are available.

The History of Choicest and Valuable Aquamarine

The largest and the best quality of Aquamarine was founded in the year 1910 in the “Minas Gerais” mine in Marambaya, Brazil which weighed about 110.5 kg. The “Dom Pedro” that weighed 26 kg was cut in Germany in the year 1992, is the largest piece of Aquamarine to have been cut ever.
